All the members in the House assured the Chair to comply with sharing of information of its Selection trials / State Championships in future.

**Item No. 6 Any other business with permission of the Chair:-**

- I. Shri Sahdev Yadav told the House that due to the new policy and guidelines formulated by Ministry of Youth Affairs & Sports and Sports Authority of India for purchase of food supplements through a tender, for last 3 months, the Federation is unable to supply the food supplements in the National camp at SAI, NS NIS, Patiala. The lack of purchase of food supplements is badly affecting the performance and recovery of athletes in the national camp.

The President apprised the House that in Patiala Executive Committee Meeting, he formed a 3 members Committee with Shri Sahdev Yadav, Shri Tara Singh and Shri Darbe Chandrahas Rai to look after the purchase mechanism of food supplements for the National campers.

Shri Sahdev Yadav told the House that some members of the Federation are baselessly putting allegations on Federation in the purchase of food supplements as Federation has to bear some additional expenses of food supplements due to stringent Government policies.

The President informed the House that Federation is paying excess money from its own pocket to the tune of Rs. 50,000/- per month (average) towards the food supplement procurement for National campers. This money is of fluctuating nature depending on the strength of National campers and their attendance.

The President also cited the example of distribution of 1 sealed bottle protein liquid to camper A. After opening of seal by Camper A, the same cannot be handed over to Camper B as who will take the responsibility of doping uncertainty. Camper A who has been handed over the supplement bottle on 1<sup>st</sup> February 2016, has taken leave / weeded out from the National camp on 10<sup>th</sup> February 2016, SAI only reimburse the payment of food supplement for Camper A for 10 days from 1<sup>st</sup> to 10<sup>th</sup> February 2016, whereas the Federation has already handed over the bottle for 1 month, which was also opened and consumed by Camper A, leaving the rest of the money for 29 days (from 11<sup>th</sup> to 29<sup>th</sup> February 2016) to the excess expenses to be reimbursed by Indian Weightlifting Federation. The Federation cannot take the bottle back from Camper A as it is of no use for the Federation.

Secretary General

The President told the House that as the tender procedure will be cumbersome and take its own time, he will discuss this issue in the proposed ACTC meeting for the year 2016-17 on 25<sup>th</sup> February 2016 with Sports Authority of India to give money directly to athletes and athletes will purchase it from Federation approved dealer of Weider supplement and asked the House to give their views / suggestions on the issue of procurement of food supplements:-.

Shri N.P.S. Chauhan suggested for procurement of supplements in small packets or 2 campers can distribute 1 packet with mutual consent. He further told the House that as per NADA seminar attended by him, he was of the opinion that food supplements are of no use to the athletes.

Shri Pal Singh Sandhu told the House that intake of food supplements by athletes are necessary due to bad food availability and food habits which differ from region to region. Moreover, the supplements will help reduce the risk of injuries and is useful for faster recovery process from heavy load training for the National campers. He also pointed out that smaller packets of food supplement can be procured to save on Federation money. He also emphasized on attaching of a Sports Medicine doctor with the Indian National coaching camp.

Shri H.S. Bansal told the House that Federation can bear the excess money as per past practice as it is for the benefit of athletes training in India camp.

Shri Abraham Techi told the House that due to adverse impact of food supplements and uncertainty of its safe mechanism it is advisable to purchase supplements through tender procedure as per Government guidelines.

Shri Rajneesh Bhaskar suggested to procure the food supplements for the benefit of National campers in the manner as deemed fit by Shri Sahdev Yadav and the President ignoring the baseless allegations made against them as they are running the National camp under their jurisdiction and have vast experience of dealing with the matter of food supplements intake.

Shri Bhabajyoti Goswami told the House the intake of food supplements by athletes will not only improve their performance but it also act as a psychological advantage for practicing athletes. It should continue in the same fashion as being carried out by Indian Weightlifting Federation.

Shri Santosh Sinhasane also agreed for purchase of food supplements for National campers along with dope free certificate from International Weightlifting Federation.

All the members present in the House agreed to purchase of supplements with fixation of limit of excess money spent from Indian Weightlifting Federation account to the tune of approximate Rs. 6,00,000/- yearly.

*After deliberations, the entire House unanimously proposed to upload a tender document for purchase of only WEIDER food supplement on the website of Indian Weightlifting Federation and receive bid from local dealers / authorized agents / distributors / sellers of WEIDER brand food supplements in India along with dope free certificates from German Laboratory. For excess money spent monthly from the Federation pocket, the attendance and reasoning thereof will be taken from National Coach / Assistant Coach and Executive Director (Academics) SAI, NS NIS, Patiala for the deductions in the monthly bills, if any. Shri Sahdev Yadav told the House that replying to any queries arisen out of Audited Statement of Accounts and Balance Sheet of Indian Weightlifting Federation will not be a problem provided it will be routed through a proper channel and allowing sufficient time to the Federation to answer the queries of the members. Shri Suresh Sehgal who himself is residing in Delhi and the Secretariat office of Indian Weightlifting Federation was also based at Delhi failed to sent any letter / email to the Secretariat office for the reasons best known to him.

1&2. The President apprised the House that the question of signing the Balance Sheet by President, Indian Weightlifting Federation is not proper as all the Executive Committee and General Council meetings where the Balance Sheet were/are passed has been Chaired by President himself.

The entire House unanimously rejected the request of signing of Balance Sheets by President, Indian Weightlifting Federation.

3. The supplementary amount and the related queries was also discussed at the Patiala meeting in December 2015 where Shri Suresh Sehgal was also present and he failed to discuss any of the points raised by him in his email. However, each and every penny received from Sports Authority of India has been accounted for in the Balance Sheet. Taking the quotations from different suppliers was also followed by the Federation. Regarding the involvement of any IWF coach / official with the supplement supplier of Indian Weightlifting Federation only act as an advantage of getting subsidized rates from the supplier. As per practice the supplement has been distributed by Coaches in the National camp after taking proper receipt from the athletes. The figure quoted for overspending of Rs. 4,51,776/- was misleading and wrong. No cash was given on account of food supplements.

4. Regarding International tours – everything has been accounted for and balance sheet was made as per prevalent practice and finalization by Chartered Accountants. The money received from Sports Authority of India for International tours is not the income

of Federation and cannot be mentioned separately. The procedure adopted for expenses on International tours on account of Boarding & Lodging, Insurance, VISA, out of pocket allowance, anti-doping fee and air ticketing (done through Balmer Lawrie & Co. Ltd. and account settled separately by them with SAI) will be submitted as per Utilization Certificate format to SAI/ MYAS.

**5&6.** Regarding recoverable of Rs. 11,34,248/- relates to the money to be recovered on account of expenses to be received from SAI, dope penalty recovery from States and athletes, advance payment for affiliation fee of International Weightlifting Federation. Combined donations were placed in the Balance Sheet. It can be bifurcated in the next Balance Sheet after consultation with the Chartered Accountants.

**7.** Dope penalty of Rs. 5,50,000/- was the amount booked upto 31<sup>st</sup> March 2015 on account of administrative dope penalties fixed upto this date, which means for those athletes whose 'B' samples have also returned positive and NADA has suspended them for a specific period. Any money received on account of dope penalty will be duly accounted for as per practice in the forthcoming Balance Sheet as and when received by the Federation.

Shri Sahdev Yadav told the House that there are certain payments booked in the dope penalty head against those lifters who have been imposed life ban by NADA / Indian Weightlifting Federation and it will be unlikely to recover their administrative dope penalty. Details are:-

- (i) Satisha Rai of Karnataka serving Life Suspension – Fine of Rs. 25,000/-

And when the office was vacated from his residence and shifted to Todapur, the office needs to be maintained as per standard followed by other National Federations.

Shri Sahdev Yadav told the House that most of the money spent on the office renovations were raised by donations taken by him only for the purpose of office renovation only and even the cost cutting on account of purchase of fixed assets like office Air conditioners, electricity spares were bought at subsidized costs compared to prevalent market prices.

Travelling expenses of Rs. 1,84,498/- accounts for TA/DA distributed to Technical Officials during the National Championships and air ticket of Shri Kumbasi Subramanya for getting the original registration certificate of Indian Weightlifting Federation from Kolkata.

The President apprised the House that rotation policy for sending International referees has been adopted transparently by the Federation since 2010 onwards in his regime and Shri Suresh Sehgal was part of 7 International events from India during his tenure as President in as many years.

Earlier Indian referees could not find a place in Olympic Games and World Championships and now every Indian referee has been invited for all events conducted by International Weightlifting Federation, Asian Weightlifting Federation and Commonwealth Weightlifting Federation, sometimes twice or thrice for one International event.

The entire House erupted in uproar and make strong objections on the contents of the email sent by Shri Suresh Sehgal where he has been persuading others by misleading figures which are baseless and without any factual status.

The President told the House to put their views / suggestions on whether any reply should be tendered to Shri Suresh Sehgal or disciplinary action should be taken in wake of baseless allegations made by him.
