**Item No. 4. Adoption of revised criteria of eligibility for future National Games:-**

The President informed the House that 35<sup>th</sup> National Games held at Thrissur, Kerala from 31<sup>st</sup> January to 5<sup>th</sup> February 2015 was a successful mega event hosted by the Kerala Olympic Association. He pointed out that despite spending such a amount of huge money on this event, it looked bizarre in context of participation of athletes due to restricted eligibility criteria.

The President informed the House that 2 (two) members Committee was constituted by him with Shri K. Subramanya and Shri Pal Singh Sandhu to look into the possibility of exploring qualitative competition during future editions of National Games and give its recommendations. The Committee has submitted a brief report to the President. The President called Shri K. Subramanya, Vice President to brief the House about the recommendations of the Committee.

Shri K. Subramanya informed the House that as per present eligibility criteria adopted by Indian Weightlifting Federation and Indian Olympic Association, only top 7 athletes in the respective body weight categories (8 Men + 7 Women) of the preceding Senior National Weightlifting Championships will get eligibility to participate during the National Games and 1 quota in each body weight category went to the Host Organizing State. This criteria has been adopted for quite a number of years to restrict the participation during National Games in weightlifting. But this criteria restricts the athletes to remain within the body weight category they have competed in Senior National Championships and sometimes the athlete was injured and could not control the body weight to compete and automatically gets elimination from participation during National Games with no alternate replacement for a State Unit. The present system of eligibility is not working and participation in some categories are very low, which needs to be monitored and doctored by Indian Weightlifting Federation in consensus with Indian Olympic Association.

Shri K. Subramanya read out the recommendation of the Committee constituted by President, Indian Weightlifting Federation for eligibility criteria for future National Games.

**Quote**

***Recommendation regarding Eligibility / Qualification quota for the National Games for weightlifting***

***Eligibility / Qualification quota for the States / SSCB should be by number in same body weight categories instead of by Names as per prevailing practice. The States / SSCB can hold their fresh Selection trials and select the lifters in the same body weight categories well in time and send their entries by name according to latest time indicated by Indian Weightlifting Federation.***

*[Handwritten signature]*

*One wild card entry to the States who could not get eligibility entry in the normal course will encourage participation. Certified performance of lifters from wild card entries within 6 months before start of National Games, with dope test to be equal to the 5<sup>th</sup> place of respective weight category result in preceding National Championships will be eligible in which he or she is entered. Maximum of 15 wild cards (Men 8 + Women 7).*

*Eligibility for the States to detain wild card in their overall positions in the Senior National minus the States which has already got eligibility, i.e. 8 in the Men & 7 in the Women section.*

**Unquote**

The President requested the House to give its inputs of the above recommendation and the House unanimously agreed in principle and authorized the President to resolve the new eligibility criteria as per above recommendations with Indian Olympic Association for future National Games.
